

University Associate Membership

The World Affairs Council provides colleges and universities with unique opportunities that help students, staff, and faculty remain knowledgeable and internationally savvy. The Council can provide your university with:

- Timely, actionable information on international trade, economics, and global business trends and opportunities from experts operating in a wide variety of industries
- Access to programs and networking opportunities with U.S. and foreign government officials, leading business executives, and economists who provide valuable insights on trade, investment, and economic policy
- Networking opportunities with informed and engaged academic, corporate, and civic leaders
- Staff development and continuing education
